

# Trinkets

Available for bookings now  
Three performances a day  
Outdoor puppetry show  
Suitable for family audiences

## Copy

*Trinkets'* is a show dedicated to the bits and bobs found on dusty shelves, lofts, garages and forgotten Antique shops.

Every object has a story to tell, and with a bit of magic these stories can come to life! A puppet show based on the back of a red tricycle, the Trinkerer will ride into towns, fields, cities and just about anywhere to show everyone their marvellous menagerie of things.

Based around ideas of memories, make do and mend and reusing old things, the show encourages sharing personal stories from beloved trinkets and reusing old books, clothes, furniture and more because if it is broke, fix it!
